Bilateral Meetings

- Tuesday (13:00 - 16:00)

Description

EMKA BEKTO was founded 2005 in Goražde/ Bosnia and taken over in 2018 by the EMKA Group from Velbert/Germany. With a yearly output of 900 molds for zinc die casting and plastic injection molding EMKA BEKTO is one of the world's leading manufacturers. Additionally, our experts produce mounted special products for widely known car makers like Audi, Ferrari, Mercedes, Jaguar, Porsche, and VW. The EMKA GROUP is the world leader for locking systems, hinges, and sealings, which are used in cabinets and control cabinets for electronics and electrical engineering. The product range comprises 30,000 articles from in-house production. The company employs 2,100 people working in 52 countries worldwide.
