#### **Description**

Market-oriented, organized as stock company in 2001, to entirely new business areas. Facing the changes at the right time, it resulted in starting two business projects in fair organization: General BH Fair ZEPS and specialized, international metal fair ZEPS INTERMETAL. Both projects have already been confirmed as events of the effective business promotion, not only of proposals and business opportunities of domestic companies, but also companies from abroad and on the list of local fairs they took sovereign leading positions. According to personnel base and long experience of its employees on the most complex economic and other projects, POSLOVNI SISTEM RMK has the best references and prerequisites that are successfully applied.
